

How to Become an Acts Resident

Plan ahead for retirement: Join the Priority List

Joining the [Acts Priority List](#) is the first step toward retirement and becoming an Acts retirement home resident.

As a member of the Acts Retirement Priority List, you will be notified when an apartment, carriage home or villa of your preference becomes available. Notifications occur based on the date a member joined the Priority List. Only members of the Acts Priority List are offered available

units and have exclusive benefits of the Acts Future Resident Club membership.

Here's how to join our retirement list and become a resident at an Acts community:

1. Submit your Priority List Acts Future Resident Club application and deposit.

Simply fill out a [retirement home application](#) for the Acts Future Resident Club. The cost to join the Priority List is \$1,200 per person, or \$2,200 for a couple. This deposit is refundable, less a \$200 processing fee.

2. Select an apartment, carriage home or villa.

Our Life Care Consultants will call "Ready" retirement Waiting List members to offer available living accommodations when they are available. When an accommodation is selected, members sign a unit selection contract and begin the move-in process, which typically takes 90 days.

3. Indicate the communities of interest.

When you join the Priority List you automatically begin building seniority for all of the Acts retirement communities, but we only contact you for those you have indicated. You can change your preferences at any time by contacting a Life Care Consultant.
