FINANCIAL SECURITY WITH ACTS

The financial advantages of an Acts Retirement-Life Community provide the fundamental peace of mind that frees our residents to enjoy everything about their retirement lifestyle more fully.

SIGNIFICANT TAX SAVINGS

You may take a one-time tax deduction on your entrance fee, plus your monthly fees may qualify for annual deductions. The percentages vary slightly each year,

but in recent years the deductions for both the entrance fee and monthly fee have been substantial: 39-41%!

PREPAY TOMORROW'S LONG-TERM CARE TODAY

At Acts, your entrance fee and monthly fees prepay any long-term care you will ever need, for as long as you need it. And your fees will never increase solely based on your need for a higher level of care.

HOUSEHOLD EXPENSES COVERED & PREDICTABLE

The actual cost of owning and maintaining your home may be higher than you realize. At Acts, pay a fixed monthly fee that covers most expenses pertaining to your residence. Plus, your fee includes gourmet meals, full amenities and services, clubs and activities, and any long-term care you will ever need.

WE'RE NONPROFIT

We are not beholden to investors. We do not answer to the stock market. Our mission-based priority is the health and well-being of our residents. After we pay operating expenses, we reinvest all revenue back into our communities.

YOUR NEST EGG IS PROTECTED

Living at Acts protects your assets because virtually all of your future financial obligations are covered. Your long-term care is prearranged and secured by your entrance fee and monthly fees. Gone are home maintenance bills or unexpected expenses.
